

Christmas Family Conversation Game

Objective of the game:

The Christmas Family Conversation Game is designed to bring family members together for a fun and exciting activity. Each card contains a unique question that encourages players to share their thoughts and experiences with each other. The game promotes communication, laughing together and the opportunity to learn more about each family member.

Let yourself be surprised!

01

Print cards and cut them

If you have thicker paper (e.g. 180 g) the better - normal paper will of course also work.

Instructions

02

Place cards face down in a pile on the table.

03

The youngest family member draws the first card and answers the question. The other players continue to draw cards (clockwise) until there are no more cards left.

04

Variation 2: Each family member has to answer the question that was drawn.

05

Variation 3: The person who draws a card decides who should answer the question.

The game continues until all cards have been drawn or until the players decide to end the game.

Remember that the game is about enjoying each other's company and building stronger bonds within the family. Feel free to adapt the rules to your family's preferences and make the game your own personal experience!
